

To request the establishment of an MRL for an unregistered pesticide or unregistered use(s) for a registered pesticide. This permits food commodities treated with a product in another country to be imported into and sold in Canada in compliance with section 4 of the Food and Drugs Act and section A.01.040 of the Food and Drug Regulations.

Fields marked with an * are required

APPLICANT INFORMATION

Applicant name*

Sample Applicant

Pesticide active ingredient *

Active

APPLICATION DETAILS- SEE NEXT PAGE(S)

Details for each Proposed MRL must be completed on a separate page. Please attach as many pages as necessary for the application.

SUPPORTING INFORMATION

Please check off the information you are including as part of this application. **All residue chemistry information must be provided to specify an import MRL.**

Residue chemistry *:

plant metabolism studies *

residues in target crops *

analytical methods *

processing studies *

freezer storage stability tests *

Toxicological profile:

acute

chronic

genotoxicity

animal (rat) metabolism

reproductive and developmental

metabolite toxicology

sub-chronic

endocrine effects

Product chemistry :

manufacturing methods for the Technical Grade Active Ingredient

preliminary analysis

chemical and physical properties for the Technical Grade Active ingredient

Previous applications :

If any of this information has previously been provided to the PMRA, please supply the application number(s) :

20xx-xxxx

Application Form to Specify/Change Pesticide Maximum Residue Limits (MRLs) to Permit Imports

APPLICATION DETAILS

Fill out this information for each individual MRL to be specified.
You may attach as many copies of this page as needed.

1. Proposed MRL

Please provide the term that most closely aligns with the appropriate residue chemistry crop group. The most recent list of groups can be found online at: <https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/residue-chemistry-crop-groups.html>

Crop group/commodity -
name *

CROP GROUP 25: Herbs

Subgroup

CROP SUBGROUP 25B: Herbs Dried Leaves

Proposed MRL*

0.04

If this proposal is being reviewed by any other regulatory bodies, please supply the name of the Foreign Regulatory Authority or CODEX:

2. Rationale for the request

To establish a new MRL to allow the importation of a crop not grown in Canada based on proposed/approved use of the pesticide in accordance with good agricultural practice (GAP) in :

Country

To establish a new MRL to allow the importation of a crop not grown in Canada by aligning with international limits :

USA MRL

CODEX

0.03

To change an established MRL by aligning with international limits :

Existing Canada MRL

0.03

USA MRL

0.04

CODEX
